Recipe Description:

A dry rub made up of a combination of spices and herbs is a simple way to add layers of flavors when preparing poultry and meats without the addition of added fats. Mix up your own combination of spices and herbs or purchase a good quality premixed spice combination. Look for an organic blend of spices to avoid msg and other preservatives and additives.

2 pounds chicken wings, washed, wing tips cut off and patted dry (907 g)

Dry Rub

- thoroughly. Cover bowl and place in refrigerator to marinate overnight or until ready to cook. You can also cook right away.
- 3. When you are ready to cook the chicken, preheat skillet on medium heat. When several drops of water sprinkled on skillet skitter and dissipate, approximately 5 minutes, add chicken, making sure to not overcrowd the skillet. If necessary, cook chicken in two batches. Set 11" Large Skillet cover on top of skillet, slightly ajar.
- 4. Cook chicken for approximately 24 minutes (12 minutes each side) until golden and juicy. Use turner to turn chicken over during cooking time to ensure even browning.
- 5. Meanwhile, place yogurt, lime zest, lime juice, scallions, salt and pepper in a small bowl and mix to combine.
- 6. If you are cooking chicken in two batches place cooked chicken on serving platter and keep warm while second batch is cooking.
- 7. Serve chicken wings with dipping sauce.

Tips:

- Pair this dish with a large platter of raw seasonal vegetables; sugar snap peas, broccoli, carrots, peppers, cucumbers or celery.
- If you like your chicken wings extra spicy add more chipotle and a sprinkle of cayenne pepper to your dry rub.
