

February Forever Saladmaster Contest Winners

Wed, 03/05/2014 - 3:57pm -- Saladmaster

Thank you to all who entered our Forever Saladmaster Oldest Cookware contest. The stories, photos and videos you shared with us are incredible!

Some participants submitted up to 15 photos and there were 3 total videos submitted. From all the entries, the oldest Saladmaster set with proof of warranty was dated 1955 and three of the oldest sets without proof of warranty dated between 1948 and 1953. And, some of the top entries received between 425 to 606 Facebook votes.

Among the entries, there was one set of Saladmaster cookware that has been used to feed 4 generations, that includes 9 children, 22 grandkids and 2 great grandkids!

WOW! Needless to say, you can see why the judging panel had a difficult time selecting only 3 winners. Here are the winners as follows:

1. Laurita N.
2. Joan C.
3. Frank K.

The contest results will be communicated with each participant by email. Contest winners will also be notified by email so that they may claim their prize.

Thank you again to all who participated. We are thrilled to reconnect with customers like yourselves after all these years, and we are honored to continue being a part of your family meals for generations to come.
